WELDING
ACCESSORIES

OVER 70 YEARS OF EXPERIENCE IN THE FIELD OF WELDING

When João Rodrigues de Matos conceived the first welding equipment in 1946, it was far from imagining the importance and the repercussion that the Electrex brand currently has around the globe. Over 70 years, Electrex maintains a worldwide presence in the most diverse markets with great influence in the welding world. The accuracy and trust that characterize relationships with our customers are the key to seven decades of success.

WELDING SINCE
1946

Joseph P. ...

1917 - 2008

OVER 70 YEARS OF EXPERIENCE IN THE FIELD OF WELDING

A CUSTOMER-ORIENTED BRAND

Electrex places all its commitment and effort in satisfying the needs of its customers, offering solutions that are flexible and tailored to each one. Each order is executed with the utmost care and rigor to satisfy the needs of our customers.

HUMAN RESOURCES

The most valuable resource of a company is on the people who place their commitment into the organization every day. Electrex is aware of this value and therefore strives to meet the needs of its employees by providing them with the best possible working conditions in order to maintain a healthy and motivating work environment.

SUPPLIERS

Our suppliers are key components in the great gear that is Electrex and are carefully selected, from the moment of goods ordering to products arrival in the hands of our customers. They are the suppliers that help the organization to meet deadlines and objectives, so that the products are produced quickly and with quality, meeting the demand of our customers.

INOVATION

Electrex seeks to offer its customers more and better every day, and therefore it is requested the constant search for more innovative production processes in order to develop products of high demand and quality that satisfy the needs of our customers.

SUSTAINABILITY

Electrex is committed to keeping the planet free of pollution so that future generations can inhabit it in the same way. Electrex complies with all environmental and safety standards imposed by its competent authorities, both at European and global level.

FUTURE CHALLENGES

An investment in the production area and commitment to the latest production processes are some of the challenges that Electrex proposes, so that it can offer its customers the best welding equipment available in the market. Electrex takes its work as a welding equipment manufacturer very seriously and briefly intends to diversify its export markets and consolidate its presence in the existing ones.

ELECTREX SERVICE

TECHNICAL ASSISTANCE

We have a specialized technical team at your disposal, with approved repair procedures and with original Electrex spare parts.

WARRANTY

Our equipment is manufactured with rigorous production processes and tested to operate under the most demanding conditions, guaranteeing its reliability and durability.

DO YOU HAVE TECHNICAL QUESTIONS?

At Electrex we are always available to listen and answer the needs of our customers as soon as possible. Use our fast **WhatsApp** communication channel to solve your questions or technical difficulties.
